## PANIC STRICKEN CZAR MAY FORM MILITARY DICTATORSHIP

Trepoff, the Terrible, May Be  
Called on to Subdue the  
Terrorists. --- Warsaw  
Governor Shot.

(Bulletin Special)

St. Petersburg, Aug. 28.—As the result of campaign of assassination now in progress in Russia, it is generally believed a military dictatorship will soon be established. According to gossip at the capital the Czar is now panic stricken. Half a dozen times within the last 48 hours arrests have been made in the vicinity of the palace at Peterhoff of persons believed to have designs on his life. These facts together with the hurrying of a bomb into Premier Stolypin's house, the murder of Gen. Min and Gen. Larmarski, the attempt upon the life of Baron Stahl and the indiscriminate killing of nine police officials which are reported at Peterhoff has led the Czar to decide that it is necessary to place the administration in the strongest hands. The general impression is now that Trepoff is to be selected. He is the only officer today of whom the troops are absolutely afraid but at the same time they are loyal to him and whom they will obey. He despises terrorists and has openly declared, if given full power he would soon end their organization. Despatches from Warsaw indicate a general massacre of Jews. The soldiers blame them for the murder of Von Lariarski and declare they will kill every Jew in the city. Two hundred arrests have already been made and others are being made almost momentarily. It is reported that 21 men of the crew of the battleship Panteleim seized last cutter and fled to Beresene Island where they raised the red flag. Revolutionary meetings are also reported on most of the vessels of the Black Sea fleet and another outbreak is feared there.

Warsaw, Aug. 28.—Gen. Von Lariarski, military governor general of Warsaw was shot and killed this afternoon while driving in a cab. The assassin escaped. This morning and unknown man warned cabmen of the city generally not to drive any general.

### CUT OUT FOR INDECENCY.

(Bulletin Special)  
Ottawa, Aug. 28.—Inquiry at the post office department today elicited the explanation that Lowery's Claim published at Nelson, B.C., had been refused transmission through the mails on account of its alleged blasphemous and ribald character.

## R. R. OUTLOOK IN STRATHCONA

Strathcona Looks to the Canadian  
Northern to Commence Construc-  
tion at Once. --- Believe Car  
Shops Will Be Built There

(Bulletin Special)

Strathcona, Aug. 26.—It is a somewhat significant fact in railway circles in Strathcona that General Superintendent Mackenzie has deemed it essential to appoint a permanent car inspector for the Canadian Northern in Strathcona.

The Bulletin representative called on several railway officials of both companies in Strathcona on Saturday, but although they were exceptionally reticent regarding railway movements at present, it is a foregone conclusion in the public estimation that railway developments of a surprising nature will be disclosed at an early date. At present no less than about 420 freight cars cross and re-cross the C.N.R. bridge, and with a new car inspector it naturally follows that C.N.R. repair shops will be erected soon, and a large squad of mechanics repairing cars, etc.

Several steam shovels and track repairing outfits are expected to be in operation on the E. Y. & P. line in probably two weeks' time and the C.N.R. bridge is also under repair.

### NO CONVENTION THIS YEAR.

(Bulletin Special)  
Toronto, Aug. 28.—Before leaving for Ottawa tonight, R. L. Borden told the press there would be no Dominion convention of Conservatives this year. There has been much talk of a convention to be held at Winnipeg but this seems to put a squelcher on it. Several opposition members and others met the leader here and bye-elections were talked over. An effort is being made to induce Major Hugh Clark, M. L. A. for Center Bruce, to resign and contest the Federal seat of North Bruce.

## THREE KILLED IN A WRECK

Montana Coal Train Jumps the Track  
With Fatal Consequences.

(Bulletin Special)

Helena, Mont., Aug. 28.—Information received here early today was to the effect that there was a wreck last night on the Great Northern at Swift, a station sixteen miles south of Great Falls in which three persons were killed and 20 injured. The wreck was caused by one of the cars jumping the track. The train is said to have been an extra used for hauling coal.

### Telegraphic Briefs.

#### A GRUESOME FIND.

(Bulletin Special)  
Montreal, Aug. 27.—A gruesome find was made in a quarry in Mile End, a suburb of Montreal, today, when a baby was found in a suit case floating in the water. From marks on the body an attempt had been made to disembowel the infant. No name or indication of identity was found about the suit case.

#### ELEVATORS HANDED OVER.

(Bulletin Special)  
Winnipeg, Aug. 28.—The C. N. R. grain elevators at Port Arthur have not been handed over to Peavy and Co. As reported at Duluth there is simply a working arrangement between the two companies by which the Minneapolis people may use the elevators.

#### GRAIN PRICES.

(Bulletin Special)  
Winnipeg, Aug. 28.—No. 1 northern 76½, No. 2 73½, No. 3 69, No. 2 white oats 31, No. 3 barley 39, No. 1 flax \$1.04.

#### WORKMEN INJURED.

(Bulletin Special)  
Winnipeg, Aug. 28.—Hurled over 20 feet by reason of the tipping of a scaffold on which they were painting the front of the Fortune block, Main street, Samuel Pharon and Sigmund Gunnerson were fatally injured this afternoon.

#### ANOTHER FAKE DISCLOSED

(Bulletin Special)  
Winnipeg, Aug. 28.—Frank J. Webster, manager of the Farmers' Wholesale Buyers association has been sent up for trial for obtaining \$500 under false pretences, from David Thom. From evidence produced at the preliminary hearing it appears that the whole scheme is a swindle.

#### PEACEMAKER INJURED.

(Bulletin Special)  
Winnipeg, Aug. 28.—A. E. Schantz lies dangerously injured as the result of trying to prevent Geo. Benson from beating his wife and child. Schantz interfered and Benson struck him to the floor, resulting in concussion of the brain. Benson was intoxicated.

## WILL BUILD ANOTHER LINE

G. T. P. Will Build Road From Winni-  
peg to Portage la Prairie.

(Bulletin Special)

Montreal, Aug. 28.—News is confirmed that the G.T.P. have failed to come to a satisfactory agreement with Messrs. Mackenzie & Mann whereby the C.N.R. rails might be used by both companies from Winnipeg to Portage. Consequently the G.T.P. will build over this section of fifty-six miles. It is said that a contract has already been given but the names of the contractors are not yet given out although it wouldn't be surprising if the McDonald and McMillan company would build into the capital city of Manitoba.

#### ENGINE BLEW UP.

(Bulletin Special)  
Altona, Man., Aug. 28.—A threshing engine which had recently been repaired and was today steamed up to test, blew up, throwing Jacob Hirsch, who had made the repairs, thirty yards in the air. He lighted against a wagon which was standing by. He was picked up unconscious and found to be badly injured. His right leg was broken by a piece of iron passing through it; he was also scalded around the lower part of his body and his shoes and trousers were completely torn off. His son, Albert, who was standing by, was also thrown in the air about fifteen yards and had his face and chest badly scalded and burnt.

#### NAMAYO PHARMACY.

Mr. G. S. Armstrong has opened the Namayo Pharmacy this week on the corner of Namayo and Boyle streets. Mr. Armstrong has had a successful career in the drug business. He comes from Lion's Head, Ontario, where he has been in business sixteen years. Mr. Armstrong begins business here in a new building erected by himself and with a full line of fresh drugs and fancy goods. His residence is in the same building, one door north, where night calls will be answered. Dr. Sloane has fitted up a new office in the rear of the drug store. Dr. Sloane comes from Owen Sound and has had the years' of successful medical practice. For a number of years Dr. Sloane was the only doctor from Wiarton to Tolmerry, a distance of some seventy miles, and is probably missed more than any man that has left the Bruce Peninsula in years.

#### REAL ESTATE MEN COMING.

(Special to the Bulletin)  
Winnipeg, Aug. 28.—The Winnipeg Real Estate exchange proposes a trip over the wheat fields of the west via the C. P. R. to Edmonton and returning via C. N. R. to Winnipeg. It was decided that the trip would be taken provided the names of twenty members of the exchange or their friends be handed in to the secretary by Thursday afternoon at six o'clock. A special sleeping car will be secured from the C. P. R.

Bulletins of the ball games will be received at the Hub Cigar Store as the games goes on.

## MAY RETURN BY ACCLAMATION

Leading Conservatives Pledge Their  
Support to the Minister of  
Finance.

(Bulletin Special)

Halifax, Aug. 28.—Hon. W.S. Fielding this morning came up from Chester, where his family is summering, and left for Ottawa this afternoon. He will probably return to Nova Scotia at an early date and it can be safely predicted that he will be back in his seat in the House at the November session. As an evidence of the feeling which has been aroused among Conservatives of the better class over the vindictive attack made upon the Minister of Finance, leading Conservatives are circulating and signing a petition in Queen's and Shelburne urging him to continue as representative of that constituency and pledging not only their support but his election by acclamation.

## REVISION ADJOURNED

No Business Transacted at Last

Night's Meeting to Revise the  
Assessment. --- Roll to Go  
Before Council.

No business was transacted at the court of revision last night. The court met and adjourned. The reason thereof was not given out but the commissioners reported that there would be "nothing doing" until the assessment had been submitted to the city council and that the court of revision was adjourned to Wednesday evening. There was considerable speculation around around the corridors of the city hall as to the reason which led to the adjournment and it was reported that the whole assessment was too high, that there were whole localities which the commissioners thought too high and that there were glaring inaccuracies in the assessment. The commissioners, however, offered no explanation any more than to say that the matter will come up before the council this evening.

#### CONTRACTOR INJURED.

(Bulletin Special)  
Brandon, Aug. 28.—A. C. McDougall, a contractor of this city, had a very narrow escape from death this morning by a fall of thirty feet. Mr. McDougall was inspecting work at the Hughes block and stepped upon an elevator to descend when the wire rope broke and the elevator dropped to the bottom. The injured man was taken to his home, where it was found he had sustained serious injury, the full extent not being known yet.

#### TRADES UNIONISTS MEET.

In Unity Hall last night John A. Flett of the Dominion Trades and Labor congress and W. O. Todd, organizer for the International Cigar Makers, addressed a meeting of trades unionists. Mr. Flett spoke on the benefits that were to be derived by an affiliation of the local labor bodies with the Dominion Trades and Labor congress, and the subject of Mr. Todd's discourse was the union label. There was quite a large gathering and the speakers got a very attentive hearing.

## GIANTS BATTLE FOR A RAILWAY

Great Northern and C. P. R. Mixed

(Bulletin Special)

New York, Aug. 28.—A financial battle with \$25,000,000 in cash and the control of the Chicago, Milwaukee and St. Paul railway system as the prize is on between these field marshals of finance, Morgan and Harriman. The opposing forces consist of J. P. Morgan, Jas. J. Hill, their friends and a number of foreign capitalists on one side; E. H. Harriman, practically owner of the Union and Southern Pacific roads, with Sir William Van Horne, Sir Thomas Shaughnessy, as controllers of the vast Canadian Pacific system with their friends on the other.

#### CANNOT RESERVE LAND FOR COLONY.

(Bulletin Special)  
London, Aug. 28.—The Canadian government has informed San Zangwill, who proposed to establish a Jewish colony in Canada, that any project of that kind based upon a grant of land to be reserved for a colony is entirely out of the question so far as Canada is concerned.

#### FELL ON A FORK.

(Bulletin Special)  
Gladstone, Man., Aug. 28.—Master Edward Munroe, son of Rev. J. E. Munroe, of this place, fell off a load of hay this afternoon onto a pitchfork he had been using. One of the tines entered the groin and came out about four inches above where it entered. Dr. Armstrong dressed the wound and is of the opinion that no serious results will follow.

### OF INTEREST TO STOCKMEN

Pacific Live Stock Association is now Ready For Business

The stockmen of the province who have long been in need of insurance upon stock can now have the same by becoming members of the association. The Spokesman Review of Spokane has the following to say of it:

"A concern not new to owners of stock in this territory, and judging from the business already done by them tends fair to make the insurance on each individual owner so small that any one owning a horse or cow, can't afford to take the risk individually. For instance, the death of one or two or three work animals would be a serious loss to a member, but when divided with 4,000 or 5,000, the cost will be so insignificant that it might be lost track of."

Live stock insurance is a subject which should interest all stock raisers, horse breeders and horsemen. This company, being founded on sound and legitimate lines and premium rates charges in accordance with and according to the statistical mortality tables compiled by the Department of Agriculture, Washington, D.C., such indemnity will prove beneficial and should receive the approval and endorsement of those who it may interest; therefore to that end, the Pacific Live Stock Association was founded.

This association will indemnify its certificate holders against loss to their live stock by death from disease, fire, lightning, cyclone, blizzards and every other casualty which is accidental, also accidents which necessitate the death of any animals. No horses or cattle shall be eligible for indemnity under the age of six months and over the age of twelve years.

No certificate holder in this association shall be liable for more than the amount of premium stipulated in his certificate of insurance."

The Only Way to Beat the Machine—  
 Red Deer Man Finds a Way

Red Deer, Aug. 27.—On Friday night or Saturday morning the Alberta hotel billiard parlors were broken into, the Cailles slot machine opened and relieved of its winnings. The thief gained entrance by cutting the wire over one of the west windows and forcing the window open with a chisel. It is supposed he got away with from \$50 to \$70. He neglected to take about \$20 that was in the tube of the machine and Manager Vicars is wishing he would call back for it. The case is in the hands of the police. Nothing else in the room was molested.

Work on the new fire hall is to be commenced in the near future. The structure will be of brick.

The Birch and Rice dog and pony show exhibited here on Saturday to very good audiences. The posters were by far the best of the show.

Mr. and Mrs. A. E. Short of Pine Lake were in town for a few days last week.

Bishop Pinkham took the service at the English church last night in Canon Hinchliffe's absence. The canon who has been at Vancouver for his health is expected back this week.

Work on the new school is to be commenced at once and the authorities hope to have the roof on by fall so that the school will be complete inside and out, and ready for occupancy after the mid-summer holidays.

J. P. Rice has purchased the opera house block.

The Russian Opera Co. will be seen here tonight in Fra Diavolo.

Johnny Lonsdale has purchased R. White's interest in the Alberta hotel barber shop.

Camping parties are returning every day from Lake Sylvan.

Young Wilson charged by the Bank of Commerce here with forgery has been sent down for trial. He was defended in his preliminary by P. J. Nolan of Calgary.

Red Deer will install an up-to-date sewage system this year.

Miss Florence Carswell returned to Penhold on Monday's evening train.

We hear that Welliver and Drake contemplate purchasing an automobile. There must be money in the land business.

Geo. A. Johnson has been appointed foreman of the brick work in connection with the new roundhouse.

All trains from the north on Saturday were delayed from three to four hours on account of the wreck at We-taskwin.

The stone tower and addition to the Church of England is being rapidly erected and shows promise of being an imposing edifice when completed.

Messrs. Campbell and Smyth, inspectors for the Northern Bank were in town last week making an inspection of the Red Deer branch.

The foundation for R. Jarvis' new building on Gaetz Ave. is complete and the walls will be erected at once.

The Northern Bank has opened a sub-branch in the town of Blackfalds, under the management of Mr. A. Scott, manager at Red Deer.

R. Morton Bell of Pine Lake was in town on Saturday.

**BAD WATER AT DULUTH.**

Duluth, Aug. 26.—Impure water may prove to be the cause of a typhoid fever epidemic which broke out in the west end during the past week.

**SITE FOR PARLIAMENT BUILDINGS**

(Strathcona Plaindealer)

The interest of everybody about the two towns is centered at the present time on the question of where the Provincial Parliament buildings will be located. Many sites have been suggested, some free sites have been offered, others may only be had at good stiff figures.

The selection of the site is a duty and responsibility resting with the Provincial Cabinet and they are actively engaged at the present time in acquiring data which will enable them to make the selection within the next three months.

This is a matter of great interest to every citizen of the province. The capital buildings should have the most picturesque and imposing site that can be obtained within the limits of the city of Edmonton, and the possibilities are great. For scenic grandeur and beauty Edmonton possesses a site for those buildings surpassed by no capital in the Dominion and equalled by none save the Parliament Hill at Ottawa. The site to which we refer is one which everyone who has seen the view has thought of, viz., the old Hudson's Bay fort, or rather the hills behind it. It has many claims to pre-eminence over any other site which might be suggested. First its historic setting, next the magnificent view of the Saskatchewan both up stream and down, also of the

**Strathcona**

Strathcona, Aug. 26.—Another outbreak of fire took place at Mr. Ritchie's stable about 10 o'clock on Saturday forenoon. The fire bell was sounded but the fire was easily extinguished.

Mr. Larry O'Neill, of Edmonton has been appointed permanent car inspector in Strathcona for the Canadian Northern Railway Company. Mr. O'Neill was for 16 years in the service of the C.P.R.

Messrs. W. Morrison, G. Emmerreit, O. Elliott, and Lettlay, who have been holidaying in the Pembina and Paddle River districts returned on Saturday evening.

Messrs. Fraser Bros. the well-known elevator builders, on Saturday received another contract for the construction of a large elevator at Innisfail. The elevator will have a capacity of about 25,000 bushels of grain.

Mr. Larry O'Neill, who is a well-known clarinet player, has been appointed a place in the Strathcona band.

Mr. G. Trentman of the Plaindealer staff, left town on Saturday evening to take up his homestead duties at Mannville.

On Saturday evening Mr. Robert Cook, lately of Michigan returned from the Paddle river district where he has located a homestead.

Miss A. Lytle teacher in Duggan street school returned via the C.P.R. on Saturday afternoon from a vacation spent in St. Thomas, Ont.

On Saturday a party of six consisting of Messrs. H. Dobson, P. Dobson, Nelson Magee, Horace Cashe, Oscar Ferguson and W. H. Baker, returned from a duck-shooting expedition. Mr. W. H. Baker drove the party to Saleburg, where with six guns they killed about 80 birds.

Miss L. M. Bell, teacher, returned with Saturday afternoon's train after spending a vacation in Collingwood, Ont.

Mr. D. A. Kerricker, B.A., teacher, after spending his summer vacation at Pincher Creek returned with Saturday afternoon's train.

A well-known resident in Mr. Geo. Phillips, returned here on Saturday after a few months' absence.

Mr. Phillips has been on his farm, 14 miles from Leduc lately.

Mr. Herman Nelson, foreman in McCrimmon's camp on the C.N.R. construction work at Mink Lake, north west of Edmonton, and Mr. Geo. Foster were in Strathcona on Saturday on business.

Messrs. Driscoll and Knight, of Edmonton, have a camp platted southeast of Strathcona, under the management of Mr. Charles Drummond and are presently surveying town property.

cut banks, flats and benches crowded in their primeval verdure, next the splendid view of the city on either bank of the river, next the proximity of the departmental offices to the business and residential sections of both cities would be a great convenience both to the employees, the business men of the towns and the many people from all parts of the province who will make pilgrimages to the capital as years go by. Last but not least should be considered the fact that on that site the buildings which five miles long will be models of architectural beauty and of the builders' art, would be the centre of attraction for all the sight-seers who visit the capital. It is now almost a certainty that the C.P.R.'s high level bridge will have a traffic floor upon it. Assuredly within five years from date there will be an electric belt line connecting the two cities passing over the bridge and granting a fine view of the Provincial Parliament buildings. Saskatchewan avenue Strathcona, will be opened and boulevard right around; this together with College avenue, Edmonton, and other avenues of the city which afford views of the river valley and the buildings will form the grandest carriage drive that tourists could find in all Canada, a drive five miles long, which would encircle the capital, having it always in view and the panoramic efforts of unsurpassed grandeur and variety. The beauty spot of Edmonton that attracts the eye of every new comer and endears the city to old timers and late arrival alike is the enchanting view of the river. Its forest clad slopes with richest foliage, its grassy nature-terraced flats and the old fort and lately the old chief factor's house as a centre piece. Put the C.P.R. high level bridge with its immense piers of concrete, and superstructure of steel trusswork, as a background and set the capital buildings in the centre of a twenty acre lot artistically landscaped and the picture would be delightful beyond compare, a joy for ever and the proudest material possession of this great province of Alberta.

The Hudson's Bay Co. own the property and value it very highly. The price should be no barrier in the way of its purchase by the Government. The fact that free sites in less suitable parts of the city have been offered in less suitable parts of the city should weigh nothing in the choice of a site. Most of these free sites have been offered by real estate boomers for the particular advantage of properties they have to sell. The best site is what the province wants and the province has the money to pay for it. Let us have it.

## THE NEWS DOES A TURN

The condition of elementary education in the Province of Quebec has been arousing considerable interest of late and conferences are now being held at various points in the province to discuss means to remedy the unsatisfactory state of affairs. Commenting on the conferences and their cause the Toronto News does a double turn which deserves acknowledgment of the ability and nerve of the performer.

Searching for a chance to inflame the minds of Ontario ultra Protestants over the supposed abuse of their co-religionists in the Province of Quebec the News says:—"The condition of the 'Protestant elementary schools has been going from bad to worse. The Protestant inhabitants of Quebec are but a feeble folk in numbers, and the tendency of the last few years has been to crowd them out more and more."

When the news gets worked down to the facts of the case, however, it discloses the fact that:—"The Protestants in Quebec were spending only some \$250 per head for their schools, as against \$450 spent by the other 'Canadian Provinces and the various 'States of the Union.'"

## THE CUBAN DISTURBANCES

Should the Cuban insurrectionists conduct themselves after the manner of their kind the island rebellion may bring the Monroe doctrine prominently into the time-light. So long as the Cubans confine themselves to murdering and robbing each other the franks may be considered their own exclusive business, but there are large numbers of foreigners resident in Cuba and a large amount of foreign capital invested there and revolutionaries do not usually display a fine racial discrimination in the choice of their victims. Should the present disturbances seriously imperil the lives or the property of the foreigners a situation will be created demanding the United States either to abandon the Monroe doctrine or to accept its obligations. This doctrine which is named after a United States President who promulgated it is that an act of war perpetrated by an European nation against a republic in the western hemisphere should be considered as an act of hostility toward the United States and treated accordingly. Such convention is admissible of course only on condition that the United States guarantees

the security of the lives and property of Europeans resident in the republics and of loans contracted by the republics in Europe. No such undertaking has been made by the United States and on more than one occasion European powers have been forced to make a naval demonstration to secure justice to their subjects and themselves from a South American republic. A similar situation is certain to arise again if the Cuban revolution results either in the slaughter of foreign residents or the destruction of foreign interests and it will be up to the United States either to guarantee preparation or to permit a foreign power to secure such, by force of arms if necessary.

On former occasions the United States has remained a passive observer but she stands in a different relation to Cuba than to the other American Republics. The Spanish troops were driven from Cuba by the soldiers of the United States and the present form of government in Cuba was instituted by that nation. The United States therefore stands in something of the relation of god-father to the island republic and is responsible for its behavior. The greater number of resident foreigners and the greater proportion of foreign capital invested in Cuba have gone there during the occupation by American troops and since the formation of the present form of government. This has taken place under the assumption that the old order of things had passed away to be replaced under the guiding hand of the United States by a stable form of government guaranteeing security to life and property. The Monroe doctrine adds a moral responsibility therefore rests upon our southern neighbor to see that this faith is not broken. Canada is by no means an unconcerned spectator of the Cuban disturbances for a large amount of Canadian capital has been invested in Cuba in recent years, and many Canadians have become residents of the island. Canada therefore stands a very good chance of figuring in international complications there should such arise.

## SPORTING NEWS OF THE DAY

## Calgarians Routed

Edmonton Emerges from Apparent  
Defeat with a Halo of Glory and  
Six Runs. Sad Days in Cow-  
ville

(Special to the Bulletin.)

Calgary, Aug. 27.—(Direct Wire from the Grounds)—These be sad days in Cowville. Edmonton won out here today in a hair-raising finish that puts all previous ball games in Alberta to shame. The two teams are playing big league ball right through the piece and it is doubtful if anything better than yesterday's performance could be found short of Chicago. It was a regular three-ringer circus and balloon ascension, all rolled into one, with brass band attachments and a red-fin finish. During certain sections of the game the entire male population and some of the female persuasion went violently insane and in the most tragic passages they would have lynched an umpire without hesitation for the slightest error in judgment—in fact some of the crowd were willing to lynch him anyway. Toward the finish the hysteria increased and at the close hundreds of Calgary's populace lolled helplessly about the amphitheatre, overcome by their frenzy and yammering through their chapeaus strange phrases about "Rotten," "Kill the umpire," "Soak it on the seam," and "He can't see it; he's got a wooden eye," etc., etc. Latest returns indicate that most of the victims have made a partial recovery and will go through the same motions this afternoon.

Had it been a case of sparring for points, Calgary would have got the decision. They made more hits and less errors, but they showed poor judgment in timing their fizzes and fans; making misses when they were most costly and strikeouts when they most needed a single.

Up until the eighth innings Edmonton's chances were not worth 30 cents of counterfeit Straits Settlement money. The Calgarians danced rings around their fancy men and punctured their dignity with singles, doubles and stolen bases. Then the wall-eyed goddess of fortune, who never before handed out anything to Edmonton but a bunch of hard luck, commenced to play jokes on the ranchers, and when the smoke cleared away there was not a Calgary fan in the country left rational enough to tell the tale.

It was all the same as the day before—only different. On Saturday Calgary grabbed a game out of the dying embers of a hopeless defeat. In today's game it was Edmonton that switched the current and made the water run back up hill long enough to swamp the pride of the gladiators of the cow camps. If this kind of luck sets in against Calgary the punchers will soon be saying that baseball is no good, because it can't be played on horseback.

The following is a bulletin report of the engagement, direct by special wire from the scene of action, taken as the conflict proceeded:

Day fine; crowd fair; line up same as Saturday except Yeazel pitched for Edmonton and Kinnear for Calgary. Edmonton takes bat first.

One run. Rochon walked. Moyné got first on Yeazel's error. Both advanced on sacrifice by Ford. Reeves singled. Rochon and Moyné scored. Reeves forced at second by McGinnis. ## Exciting Football

Mannville Wins Hot Contest at  
Strathcona Last Night

What is considered the best football game of the season took place last night at the Exhibition grounds. Strathcona, between Mannville and Strathcona, in the second round of the Alberta Football league. A large crowd of spectators attended, and keen excitement prevailed as to the result of the contest. The following were the teams:—

Strathcona—Bawden, A. S. Judge, Allen, O'Brien, Durrand, Turnbull, A. Bissett, Jennings, Woolsey, Morgan, B. Kent. Mannville—Scott, P. Todd, L. Linn, Weaver, T. Linn, Howes, Leader, Walton, A. Todd, Reid, Ramsdale.

Referee—D. J. Smith, of Edmonton.

The Strathcona captain won the toss and elected to defend the southern goal. Right from the start the game gave promise of a hard fight, and Mannville boys assumed the aggressive, but a strong defence repulsed the visitors' forwards. Interchanges for a time monopolized play, and both forward ranks looked dangerous. Both Bawden and Scott were tested, but cleared their charges. Gradually, however, Mannville commenced making things hum, and after about twenty minutes play A. Todd, with a beautiful shot, completely beat Strathcona's custodian. Half time arrived shortly after with Mannville leading by one goal.

After the interval desperate efforts were made by Strathcona to equalize. Assuming the aggressive, they bombarded Mannville's goal amidst great excitement and by a smart piece of play Jennings tricked Scott and landed the sphere in the net. Honors were now even and both elevens were now fighting hard for the winning points. In a spasmodic rush Mannville again asserted their superiority through A. Todd again beating Strathcona's custodian. Towards the close great excitement manifested itself amongst the spectators, and almost on time Reid landed the sphere into the net, Mannville winning by 3 goals to 1.

It was a splendid fight and Mannville now enters the third round of the league.

## Red Deer Sport

New Ball Players for Red Deer Team  
Exciting Games in City League.  
Duck Shooting Good

A couple of new ball players have struck town. They are badly needed. The Red Deer ball team had a hard rub while on their trip north, but having been strengthened in one or two places and hope to do better next time.

The second ball game in the City league series was played Thursday between the painters and a combined team of the barbers and leather makers and resulted in a win for the latter team by a score of 7 to 11 (which by the way is not as bad as 10 to 1). The star actors on this occasion were Fred Ivy on first (the man with the powerful foot), and the umpire, Mr. Bruno F. Krause, who, had the Canadian law not been so strict about lynching would have been in a dangerous position at any stage of the game.

The lacrosse fiend is again on the rampage.

All the local sports were on the war path last Thursday, the Civic holiday being on that day. The abundance of game floating around town testifies to the hunters' prowess.

J. S. Gussenger's new automobile, a Cadillac, arrived Friday, and is an excellent car. Mr. Gussenger while in the States this summer, made a trip of 800 miles in the car without a breakdown.

A blue looking bunch of ball players from Wetaskiwin were seen wending their weary way homewards from Calgary on Friday's train. Such a slaughter of the innocents!

## A NORTHWEST HEROINE GONE

Elizabeth Louise Mair, Who was Imprisoned by Riel in First Rebellion Dies in Victoria

Elizabeth Louise Mair, wife of Charles Mair, the poet of the Saskatchewan, and a woman whose life has been intimately associated with the history of the West while in the making died suddenly in Victoria on the 17th of this month and with her death Canada loses one more of the few Canadian women who could tell by personal experience of the stirring times in 1875 when Riel spread his first insurrection across the western plains and when the Canadian government found itself face to face with a civil war.

The circumstances surrounding Mrs. Mair's death were peculiarly pathetic. She was a sister of Mr. W. H. McKinney, M. P. for St. Albert, and for several years has spent a good deal of time at Okanagan Lake, where her daughter Mrs. B. E. Creighton lives. Early in August she went to Victoria to visit a daughter of hers who was in the Victoria Jubilee hospital, and also to meet Mr. McKinney, who was on a tour of the Coast. They spent a pleasant holiday in Victoria for a few days and Mr. McKinney left for home in Edmonton. Before reaching home he had word that his sister was dead.

The following extract from Mr. Henry J. Morgan's valuable work, "Types of Canadian Women," is a more ample notice which will interest many of our readers:

"Mrs. Charles Mair, whose loyalty and heroism during the first Riel rebellion gives her name so honorable a place in the history of Manitoba, is a daughter of the late Augustus MacKeaney, Esq., and was born and educated at Amherstburg, Ont. She first went to Manitoba in 1862—the year of the Sioux massacre in Minnesota—and as the route followed by the party with whom she was (composed of her parents and others), lay through a portion of the scene of the outbreak, their experiences were sometimes of a trying and eventful character. Her father, who was engaged in the fur trade, after a few years, owing to failing health, returned to Canada with his family, but his daughter came back to the settlement in 1868, with her uncle and aunt, Sir John and Lady Schultz, and in September of the same year was married in Winnipeg, to Charles Mair, then an officer employed by the Canadian government. On returning from their wedding journey to St. Paul, they accompanied Mr. Macdougall, the newly appointed governor of Manitoba, and party, to Pembina, where the latter was stopped by order of the insurgent chief, Riel, who had just previously assumed the direction of affairs at Fort Garry. Mr. and Mrs. Mair, however, determining to proceed, were stopped at St. Norbert, where they were taken prisoners under the same authority. After four days detention they were released, and arriving at Fort Garry, found it in possession of the rebels. Great trouble followed, until Mrs. Mair and the present Lady Schultz were taken prisoners, with their husbands and the rest of the loyal band of Canadians who were gathered at the Schultz mansion for self-protection and to oppose, however feebly, the plans and purposes of the insurgents, composed of half-breeds and Irish-Yankee Fenians. Imprisoned in Fort Garry, Mrs. Mair found herself within the walls, separated from her husband, and on attempting to leave her place of confinement was brought back, by order of Riel. During the week that followed, she was only twice allowed to see her husband, who, on the last of these occasions, informed her that Riel had intimated to him that he was to be shot, and that as he intended, if possible, to escape, she would make another effort to get away, as otherwise in the event of his success, she might be detained as a hostage. With the assistance of a friend (Miss Drever) Mrs. Mair was allowed to leave, and took up her quarters in the settlement. Some weeks afterwards her husband escaped and reached Portage la Prairie, where his wife, who had run the gauntlet of the guards, disguised as a man, in a half-breed capote, cap and sash, joined him. The expedition organized by the loyalists at the Portage for the capture of the prisoners confined there, followed, and after its collapse Mr. Mair and Sir John Schultz escaped to Canada, taking different routes. It was then mid-winter, and their journey was made on snowshoes. After the former's departure, the rebels made search for him at

the Portage, and not finding him, determined to take his wife back with them, but this scheme was happily frustrated through the astuteness of another lady, Mrs. George. In March following she returned, herself to Fort Garry to make search for some papers belonging to her husband, and arrived there the very day Thomas Scott, the loyalist, was so barbarously murdered by Riel. While still there her eldest daughter, Maudie Louise (now the wife of B. E. Creighton, Esq., of Brynmawr ranch, Okanagan valley, B.C.), was born, she being the first child of British Canadian parentage to be born at Red River, after the passing of the Manitoba Act. Mrs. Mair's life has since been largely spent in the Saskatchewan territory and in British Columbia, and she is rightly to be called one of the pioneers of western Canada. She is the mother of seven children, four of whom survive. Her only son saw service in South Africa during the recent war. She is now preparing, for early publication, her experiences of primitive life in the old Red River settlement."

Every steel-plate range kept the kitchen broiling-hot until we found out just how to use asbestos to keep the heat in a cooking range where it must cook the food instead of cooking the cook. THIS range is a COOL range—lined with thick asbestos, so the heat stays inside the range, so the oven bakes quick and bakes evenly. Food is better cooked quicker cooked and cooked for less fuel—cost,—and cooked with less bother.

yesterday when Jack Downs was given the alias of "Davis." The mistake was creditable to three or four different causes, not one of which could have been attributable to the sporting editor as his writing is always much plainer than the letters on a circus poster. The fact of the matter is that the intelligent compositor who juggles the keyboard on the linotype, put his fingers in the wrong place and spelled "Davis" instead of "Downs." As the proof went through the hands of the society editor, who is hopelessly ignorant of the affairs of the sporting world, the mistake was uncorrected. We hasten to make this correction as Downs weighs 186 pounds. The compositor's address is unknown.

### CRICKET

A most enjoyable game was played on Saturday at Fort Saskatchewan between Edmonton and the Fort it being the second match in the Ochsen Cup series.

Play started at 1.45 and Edmonton winning the toss elected to bat first. Things started very badly for the Capitals, 5 wickets being down for 38 runs, Weaver for the Fort capturing 4 and Cheney one. However, E. Slocock stopped the rot and with a little assistance from Hornby and Heathcote put a different complexion on the game the score reading 6 for 55 and 7 for 83, then came in with one of his old steady innings and scored 22 which carried the score to 110 and the inning closed for 124. To Slocock and Richardson are due the thanks of the club for a nice display of good batting and sound judgment.

Lunch was held at the Mansion House, the Capitals being entertained royally by the Fort team. Play started again at 2 o'clock and things looked blue for the Capitals when Canon D'Easum, Still and Bowen fetched the score to 53 for only the loss of 3 wickets, everyone of them playing good cricket and Still and Bowen batting as these who have fielded against them know how hard. But things had to change, Cook caught in the slips, B. C. D'Easum bowled first ball and Weaver out by Heathcote and the next three men out for 0 each made the

score 7 for 57. Hardisty made a hard try to stem the tide of destruction but it was no good and the innings closed for 62, being just half of the Capital score.

Canon D'Easum, W. B. Still and H. C. Bowen carried off the honors, scoring 40 runs between them, out of the 62. Heathcott for the Capitals bowled in good form, capturing 6 wickets for 7 runs, ably seconded by O. L. Boyes with 3 for 9.

The visitors were kindly entertained at tea by Major and Mrs. Strickland and started in to play the second innings at 5 o'clock.

Again the start was disastrous three wickets being down for 18 but thanks to de Pass and Capt. Worsley the score improved. Wood partnered Worsley at this point and managed to bring the score from 4 for 25 to 5 for 64. Worsley and Hornby then played out time, the innings being declared at 6 for 89. Worsley not out 18, de Pass 11, Horn-

by not out 7 and Wood 33 were the chief scorers.

The Fort with 148 to get and half an hour more play then went in and Cook and Bowen started to make things lively, Bowen scoring out of 26 no less than three 4's and two 5's but was finally caught well by de Pass at square leg and at call of time the score stood at 6 wickets for 47, leaving Edmonton winners on the first innings.

This makes Edmonton sure of the Ochsner Cup which is the second one this season. After the match in the evening the Capitals were entertained at a smoking concert and treated in such a splendid manner that the club will not forget it in a hurry.

Great thanks are due to Major and Mrs. Strickland, Mr. Mount secretary, and the members of the Fort team for their thorough good fellowship and kindness.
